

AMENDMENTS TO THE DRAWINGS

The attached sheet of Replacement Drawings which includes FIGS. 1 and 2, includes changes to FIG. 2 as required by the Examiner.

The change to FIG. 2 replaces hand-drawn relief angle gamma (" γ ") with a typed symbol γ between lines 3e and circular part 3c.

In addition, and for clarity, the hand-drawn symbol for cutting angle alpha (" α ") has also been replaced by a typed symbol α between radius (" r ") and cutting edge 1a.

No new matter is implicated by any drawing change.

In accordance with current USPTO Drawing Procedures, entry of this Replacement Sheet is requested, including acceptance of this replacement sheet as a "formal" drawing.
